

RASTLINY - ODKIAĽ PRIŠIEL CHLIEB?

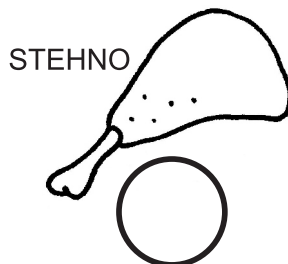

Dieťa objasňuje úžitok z pestovania rastlín.

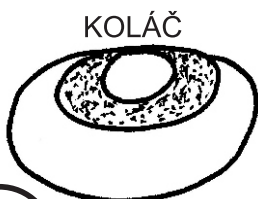

LÍZANKA

VIANOČKA

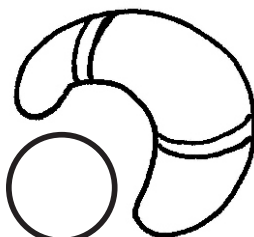

STEHNO

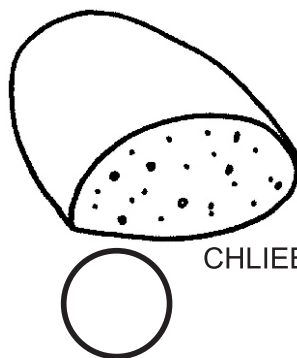

KOLÁČ

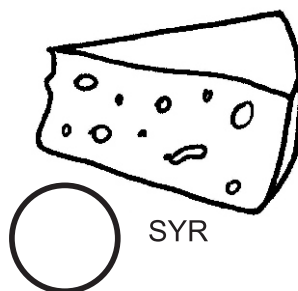

MASLO

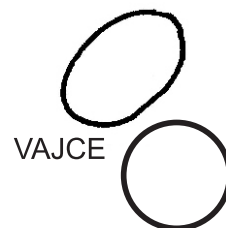

ROŽOK

CHLIEB

SYR

VAJCE

Popozeraj si obrázky a za pomoci dospelého opíš, odkiaľ prišiel k nám chlieb. Poznáš aj iné rastliny, z ktorých máme úžitok? (cukrová repa, slnečnica) Vyfarbi krúžok pri tých potravinách, ktoré sa vyrábajú z múky. Ktoré obrázky si nevyznačil? Prečo? Obrázky si môžeš vyfarbiť.
